NOTES

For plastic lens headlamps and free form reflector headlamps, it is essential that only UV filtered bulbs be fitted to avoid discolouration of the lens. The following bulbs are UV filtered – LLB472, LLB477, LLB448UV and all AS, BL, XL, PR variants of these bulbs.

Non 'E' marked high powered headlamp bulbs are for off-road use only. They are not for normal road use and may require modification to vehicle wiring.
